How to Log into Blackboard*

- Open an Internet browser, and type https://ku.blackboard.com/ in the address bar.
- Type your KU user ID and password and click the Login button.

* LMS is a software package that enables the management and delivery of learning content and resources to students. Blackboard is one of the most popular LMS in the world and it is used commonly by the instructors and students of Koç University.

Instructors can manage the courses and create and share several items. The following are the main activities that instructors can perform in Blackboard:

- Uploading and sharing documents, videos, images, and so on,
- Creating assignments and tests,
- Collecting and grading students’ assignments and tests,
- Calculating students’ final grades,
- Customizing the course interface,
- Creating student groups to give them group assignments or projects,
- Creating discussion boards and announcements to increase interactivity.

The following are the main activities that students can perform:

- Viewing and downloading the documents shared by the instructor,
- Uploading their assignments,
- Taking tests,
- Viewing their grades, and the instructor’s comments on their submissions,
- Posting comments on discussion boards, and
- Viewing announcements.
